Comments (7)

- Helped me with my confidence and enabled me to communicate much better - good luck with the vote !! (Found in the Forest Youth Theatre)
- Found in the Forest is an excellent group
- I think Gloucestershire young carers should receive the funding as they make a big impact on young people's lives. Being a young carer myself it helped me through so many tough times. Why not give the funding to activities so young people do not have to stay at home.
- Make you feel welcome and friendly (Ellwood Youth Football Club)
- Viney hill archery range would make a massive difference to the centre and what they could offer to the community
- Forest pulse, tic (Teens in Crisis) and glos young carers have been very beneficial to our family living in Clearwell as most things operate from Cheltenham or Stroud area.
- I think I chose the clubs that need it the most (Teens in Crisis) xx ♥
