## The Proposal

On the 9th December 2019 the Council completed its new development at Foxglove Gardens, Coleford. This new build development on the former Lawnstone House and bungalow site next to the district council offices comprises 10 X 1 bed apartments, three commercial units as well as public space and gardens.

**The Council is seeking expressions of interest for:**

- **Lot 1 - long lease interest of 6 flats and all residential common areas**
- **Lot 2 - management of 4 flats which are currently let**

The Councils preference is to have a contract with the Head Leasee for the management of the existing let residential units, however it wishes to obtain best consideration for the lease and value for money on the management contract and therefore wishes to consider separate bids and will evaluate them on this basis.

The Council may not choose to appoint the Head Leasee to manage the existing let units and may appoint another party to provide this service.

The Expression of Interest information contains two parts:

- Part A of the bid sets out requirements and Heads of Terms for Lot 1 & 2
- Part B sets out the instructions to bidders and submission details required

## Site Description

The site is located in the heart of Coleford within close access to the town centre. The historic market town of Coleford is in the delightful Forest of Dean, close to the Wye Valley. Well located for motorway links (M50 & M48 are within a 12 mile radius) yet enjoys a full range of local facilities to include: Cinema, Post Office, Bank, Library, Shops, 2 Supermarkets, Pubs and Restaurants, primary and secondary schooling and two separate Golf Courses.

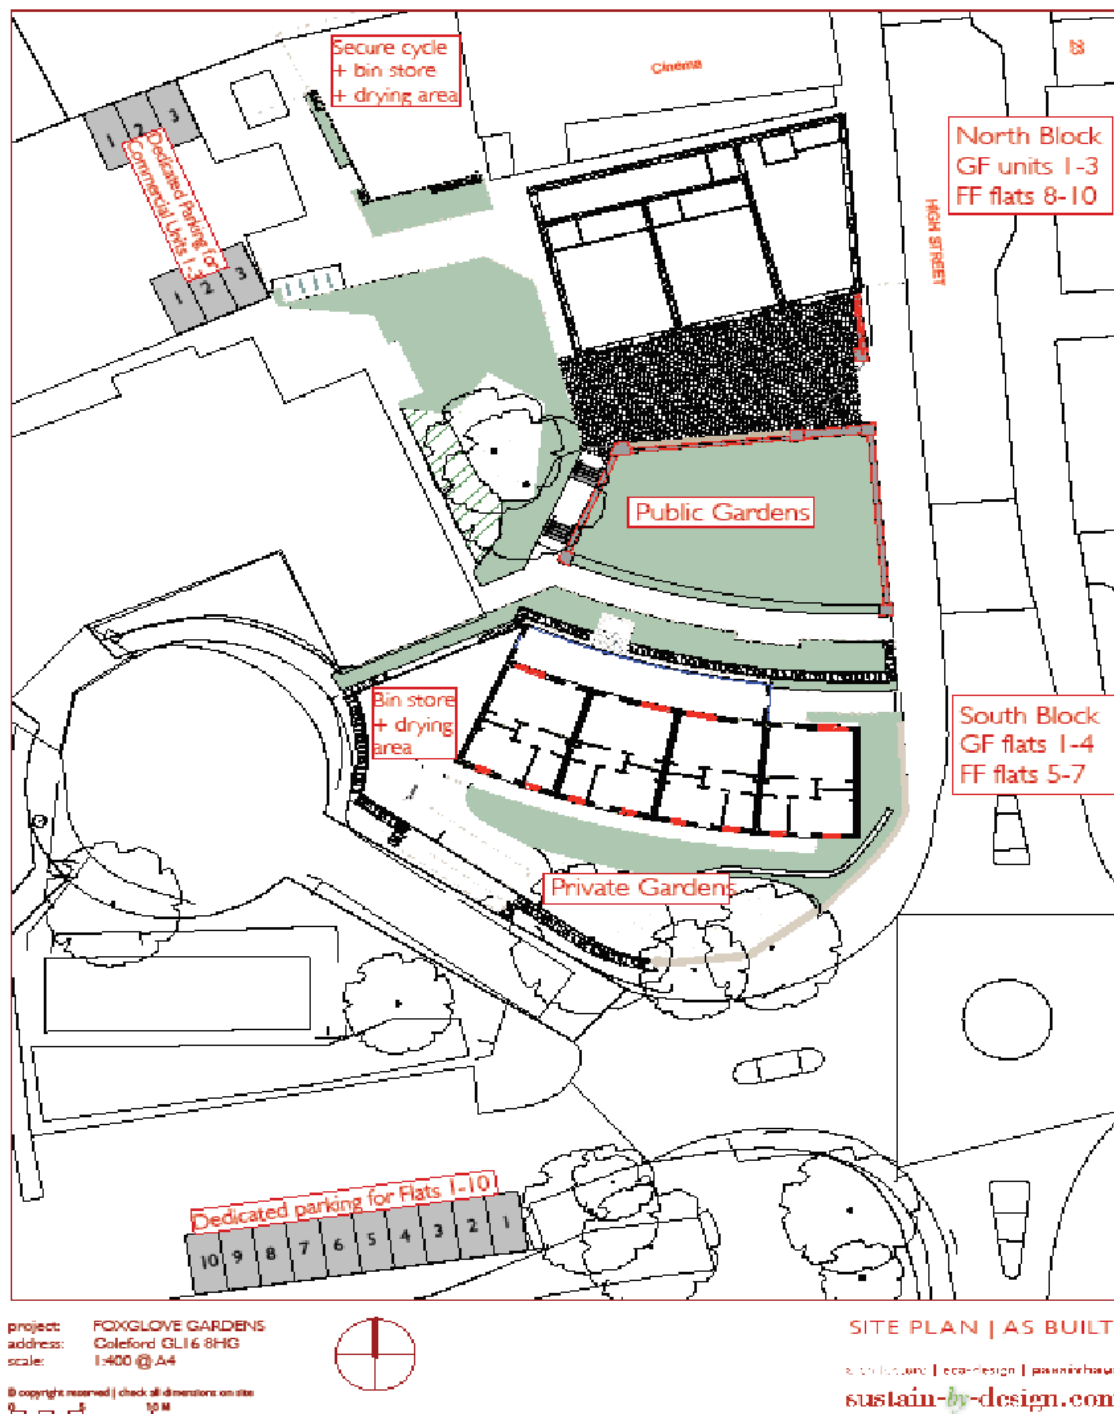

The development comprises ten one bedroom apartments located within north and south blocks. The south block, Flats 1-7, contains four ground floor and three first floor apartments, all benefiting from access to a private communal garden and storage area. The north block, Flats 8-10, contains three first floor apartments which are accessed via a shared secure entry hallway with two of the apartments featuring large private balconies. All the apartments have one allocated parking space.

These brand new apartments have been purpose built by Forest Of Dean District Council to an extremely high standard to provide a unique opportunity for high quality accommodation in the private rental market. Each apartment benefits from open plan living, modern kitchen and bathroom, composite double glazing throughout, electric heating, brand new fixtures and fittings, and ample storage. Externally there are communal outdoor areas or a private balcony, allocated parking space and an ideal town centre location for easy access to shops and amenities.

The apartments centre on a courtyard complex with commercial units, landscaped gardens and seating areas to create a new social hub within the town. The attractive development has been carefully constructed to incorporate local Coleford materials and has been built using local contractors. The development features environmental credentials such as solar panels and sustainably sourced wood.

A general site layout plan is set out below. General specification and details of the flats and associated facilities together with photos of the property are attached at Annex A.

## Part A - Statement of requirements/ specification

### Lot 1 - Commercial long lease of 6 X 1 bed private rented flats and associated common areas

The Forest of Dean District Council is seeking expressions of interest for the leasehold interest of 6 X 1 bed open market rented flats at Foxglove Gardens Coleford.

The following flats are currently occupied, flats numbers 2, 4, 8, & 9.

General specification and details of the flats and associated facilities together with photos of the property are attached at Annex A.

Attached at Annex B are proposed Heads of Terms for the leasehold interest. In these terms the Landlord is Forest of Dean District Council.

The proposed lease is for a term of 25 years with no landlord break options, however bidders should set out as part of these responses whether any tenant breaks are required and if so at what dates/ intervals.

These terms seek to set out the principles of the lease and the Council will review in detail with the preferred Bidder based on their offer for the leasehold interest.

The lease includes flat numbers 1, 3,5,6,7 & 10 and internal and external common areas for North and South Block residential areas. The open space between the two blocks will be retained by the Council for the benefit of all parties and the public.

Should the occupied flats numbers 2, 4, 8, & 9 become vacant then the Council would require the Head Leasee to enter into a Deed of Variation to include these units into the demise of the leasehold interest, becoming part of the overall lease on the same terms.

The site is in a prime location within the High Street with commercial units within the overall development and adjacent to the Council's offices. It is therefore essential that the Head Leasee offers proactive management of the units to ensure the site is well maintained, and any anti-social behaviour is immediately dealt with, to ensure quiet enjoyment of other tenants, adjacent properties and users of the site.

## **Background information - Rents**

Tenants of the occupied flats are paying the identified following market rents:

Flat 2 - £550 a month, Flat 4 - £550 a month, Flat 8 - £575 a month, Flat 9 - £575 a month.

Interest has been received with tenants indicating a wish to complete leases for 5 of the unlet units based on rents of £550 per month.

## **Lot 2 - Management service for the existing let residential units**

The bidder shall provide the full range of management services for the residential units flat numbers 2, 4, 8, & 9 which are currently let. This will include, as an example:

- Debt management - the Council will carry out collection of rent and service charge invoicing etc - management provider to progress debt/arrears once notified by the Council
- Tenancy advice (including signposting to benefits advice),
- Dealing effectively with neighbour nuisance and anti-social behaviour
- Tenancy breaches including criteria for eviction and management of legal action
- Inspections throughout the tenancy as well as a pre-termination inspection
- Tenancy abandonment
- Associated legal services for all aspects of tenancy management including serving notice and court action

- out of hours emergency service for repairs etc
- management of internal repairs which remain the landlords (Council) responsibility - level of authority to progress repairs etc to be agreed.
- Service charge apportionment
- fault notification and coordination of work to resolve defects.
- The development has a defect liability period of 1 year following handover. The Registered Provider will work with the Council, taking queries directly from residents, for repairs and defects (within the development defect period). The Council will ensure that relevant repairs are undertaken in efficient timescales.
- Where repairs arise that are outside defect liabilities, such as vandalism or neglect caused by residents, these will be recorded and carried out by the Head Leasee within efficient timescales. These repairs will be chargeable to the tenant.

**Final terms to be agreed and priced following agreement of detailed leasehold terms and split of responsibilities agreed/ assessed against existing leases/ tenancies on site.**

**Council responsibility** - The Council will be responsible for the retained areas of the site shown edged blue on the plan within the heads of terms for the leasehold interest.

### **1.1 Record Management**

Provision of accurate up-to-date records is a key element of contract performance for the management service and the Council's ability to ensure that maintenance has been carried out within timescales and where appropriate, in compliance with any relevant statutory legislation.

The Management company shall therefore provide and maintain the following records:

- Individual Tenancy Records and Agreements
- Asset management records including service and compliance
- Record instances of anti-social behaviour or neighbour nuisance, whether by residents or others
- Complaints and compliments

## Annex A – General specification and property details of Foxglove Gardens

### North Block Flats 8-10

(please note only flat 10 is sought to be commercially leased in the North Block Flats)

#### 1. Property Description

Approximate gross internal floor areas for Flats 8-10 is as follows:

**Flat 8 - 55m<sup>2</sup>, Flat 9 - 54m<sup>2</sup>, Flat 10 - 53m<sup>2</sup>,**

Provided below is a property description of Flat 9:

**Access** - the property is accessed via a secure entry into a communal entrance hallway. Stairs lead up to the apartment's composite front door into:
