

## Community Grant 2021 – 22 Guidance Notes

The Forest of Dean District Council offer not for profit voluntary and community groups - both constituted and non-constituted - the opportunity to apply for one off funding to help develop stronger and more cohesive communities. Small informal groups (a minimum of three people) can be considered.

**This approach is aimed at building capacity of the community rather than directly delivering services. Projects should clearly be able to show that there is local value and leadership in them and demonstrate its importance to the community.**

**Please note\*** This year Covid-19 has brought unprecedented challenges for people in and around the Forest of Dean and their communities and the 'Community grant fund' will focus on projects within those communities which respond to emerging needs that may arise as a result of this crisis or are aimed at reinstating community activities safely.

**We are keen to support activity that may happen before the 12 week closing date so for this year we have created a phase one and phase two and will divide the funding between the two phases. If your activity cannot wait until the closing date then please apply in phase one. Dates are at the bottom of the application form.**

*In order to support your application we encourage you to discuss the project with a Community Wellbeing Officer **before** submitting your application. This will ensure that you have included all the information that the panel will need as well as better understand your aims when evaluating your project. **Please ring 01594 810000 and ask for a member of the Community Wellbeing Team or email [community.engagement@fdean.gov.uk](mailto:community.engagement@fdean.gov.uk) or see our FAQ section on the Website.***

### **Applicants need to identify:**

- Who is taking part in the project
- Clearly evidence that the project or activity does not duplicate with other local projects or how it supports those projects
- Whether they are connecting to other groups in the area & who they are – partnership working
- Evidence of need – is this what the community wants and needs?
- How the project helps to build community capacity and community resilience
- How the project aims to be sustainable after the funding has been spent

**Total level of funding available in 2021 -22 is £33,511**

this will be divided between phase one and phase two of the application process. This year in order to support activities that are required before the closing date.

## Constituted Groups

One off, revenue\* grants up to £3,000 are available.

## Non-Constituted Groups

One off, revenue\* grants up to £500 are available.

Any projects applying over the maximum limits **will not** be reviewed.

## Funding Priorities and Criteria

**For 2021 – 22.** This year we would like the Community Grants scheme to focus on supporting the community to return to activity safely or support new or modified activities that enable communities to engage whilst living with the Covid 19 outbreak on an ongoing basis.

- Projects which support, strengthen and empower communities
- Activities involving children and young people
- Projects tackling an ageing population/healthy ageing
- Projects which enable and establish inclusive activities for all
- Covid specific activity that is aimed at supporting regeneration of community projects or enabling groups to continue in a safe way.
- Projects which help to restore confidence in communities and help vulnerable people to get back to what they were doing before Covid 19

**All projects** need to address one of the above priorities **as well** as meet the criteria as set out below and will be scored accordingly on the matrix. It is therefore very important that you demonstrate this in **Section 3** of your application form.

- Volunteering – how the project engages and supports volunteering locally
- Match funding in either volunteer time, financial or both
- Partnership working - working with other community groups
- Activities that involve the skills and knowledge of the community, particularly of those members who are older, vulnerable disadvantaged

Sustainable on-going projects which meet the criteria, will take priority
